

FEDERAL TRANSIT ADMINISTRATION

2017 SSO Training Workshop

TTP Technical Requirements

Maria Wright
Office of Transit Safety and Oversight
Federal Transit Administration

April 25, 2017

U.S. Department of Transportation
Federal Transit Administration

TTP Technical Requirements

- SSOAs must ensure access to personnel (staff, contractors, and others) with the “skills and knowledge” necessary to perform:
 - Inspections,
 - Examinations,
 - Audits,
 - Investigations, and
 - Record-keeping
- Required “skills and knowledge” are grouped into 17 Technical Competency Areas
- Each SSOA’s TTP must demonstrate how the agency has or will maintain training records and produce upon FTA request

TTPs for SSOA Personnel

Each SSOA's TTP must demonstrate how personnel have or will:

1. Complete training
2. Pass a written and/or oral examination
3. Demonstrate hands-on capability
4. Complete biennial refresher training
5. Maintain records
